

Reference List for The TB Research Engine That Could: Sustaining the Success of TBTC Research in Turbulent Times

INTRODUCTION

Treatment Action Group and the Community Research Advisory Group. Securing a Tuberculosis Free Future through the Visionary Research of the CDC Tuberculosis Trials Consortium. New York: Treatment Action Group. 10 January 2018. <https://www.treatmentactiongroup.org/publication/securing-a-tuberculosis-free-future-through-the-visionary-research-of-the-cdcs-tuberculosis-trials-consortium/>

Centers for Disease Control and Prevention (U.S.) TBTC Site List (2010-2020) [Internet]. 18 March 2020. (Electronic copy on file with authors).

Centers for Disease Control and Prevention (U.S.). Tuberculosis Trials Consortium (TBTC) Information Page [Internet]. Atlanta, GA. 17 March 2017. <https://www.cdc.gov/tb/topic/research/tbtc/default.htm>

Centers for Disease Control and Prevention (U.S.). Tuberculosis Trials Consortium Awards for the 2021-2030 Cycle. In: National Prevention Information Network Listserv [Internet]. Washington: Department of Health and Human Services; 31 March 2021.

STAGNANT INVESTMENTS THREATEN THE FUTURE OF TB RESEARCH

National Institutes of Health (U.S.). Biomedical Research and Development Price Index (BRDPI) Values Index. National Institutes of Health – Office of Budget. February 2020. <https://officeofbudget.od.nih.gov/gbipriceindexes.html>

Centers for Disease Control and Prevention (U.S.). Tuberculosis Trials Consortium Awards for the 2021-2030 Cycle. In: National Prevention Information Network Listserv [Internet]. Washington: Department of Health and Human Services; 31 March 2021.

BOX - TBTC STUDY 31: SHORTER TB TREATMENT BREAKTHROUGH

British Thoracic Society. A controlled trial of 6 months' chemotherapy in pulmonary tuberculosis. Final report: results during the 36 months after the end of chemotherapy and beyond. Br J Dis Chest. 1984;78(4):330-336.

U.S. Centers for Disease Control and Prevention (Press Release). Landmark TB Trial Identifies Shorter-Course Treatment Regimen. 21 October 2020. <https://www.cdc.gov/nchhstp/newsroom/2020/landmark-tb-trial-media-statement.html>

RECOMMENDATIONS TO SAFEGUARD TB INNOVATION

Treatment Action Group. Report on Tuberculosis Research Funding Trends 2006-2020. New York: 2020. <https://www.treatmentactiongroup.org/resources/tbrd-report/tbrd-report-2020/>

Treatment Action Group. TB Research Investments Provide Returns in Combating both TB and COVID-19. New York: 2020. <https://www.treatmentactiongroup.org/publication/tb-research-investments-provide-returns-in-combating-both-tb-and-covid-19/>
