

# THE HIV CURE RESEARCH ART WORKS AT THE ARTSEUM

by  
Moses Supercharger an advocate and PLWHA

The ARTSEUM is a community based artistic initiative started Supercharger It is a grassroots place where communities can meet, learn in a laymans environment, share testimonies and energize themselves as we strive to end HIV and AIDS. It basically meant to simplify HIV prevention ,treatment and cure interventions on market and in research. ARTseum is the only place where we talk at home.
